# **STANDING ROCK: TAKE ME FROM THE RIVER**

*A brewcity journey into water protecting  
Independent Media Presents Standing Rock to  
the world*

In the Spring of 2016, the call went out, no one would have guessed that by November the camp would grow and the movement would gain so much support around the world. This is all because of the independent media, without them the world would not have had the opportunity to participate and the brutality of the militarized police may have only been known to those fighting on the front lines. The fight is not over, the sacred fire has been kicked out, but the embers have traveled the world and are again ablaze! Join us to see footage of the good, the bad, and the ugly, share your personal experiences, and stand united with us! Water is Life
